01 REELORA

Movie discovery web application

React / Vite / Tailwind CSS / OMDb API / Firebase

Movie search, search-result cards, favorites and watchlists.

Responsive UI with desktop and mobile views.

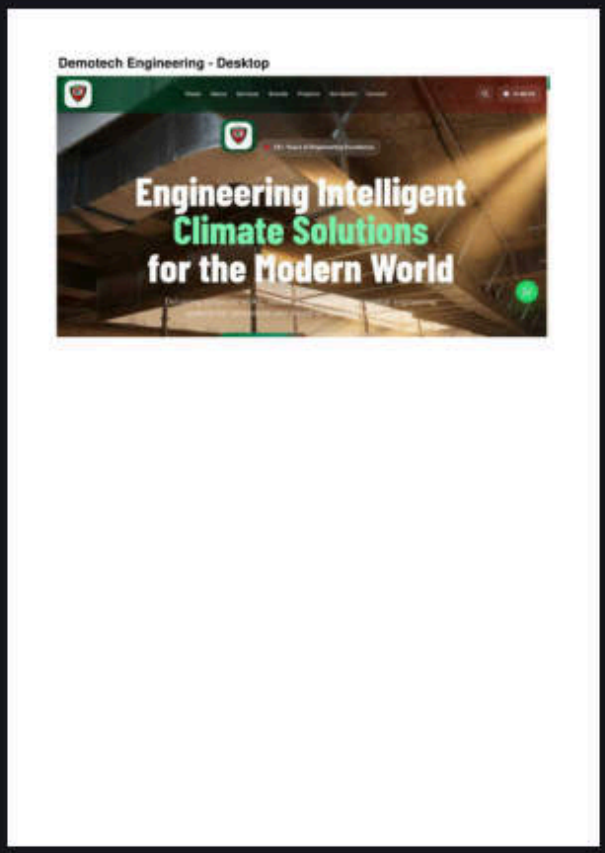

Built with AI assistance, code review and hands-on testing.

Live app: reelora-six.vercel.app

Code: github.com/sirpels/Reelora

02 DEMOTECH ENGINEERING

Completed HVAC / mechanical engineering website

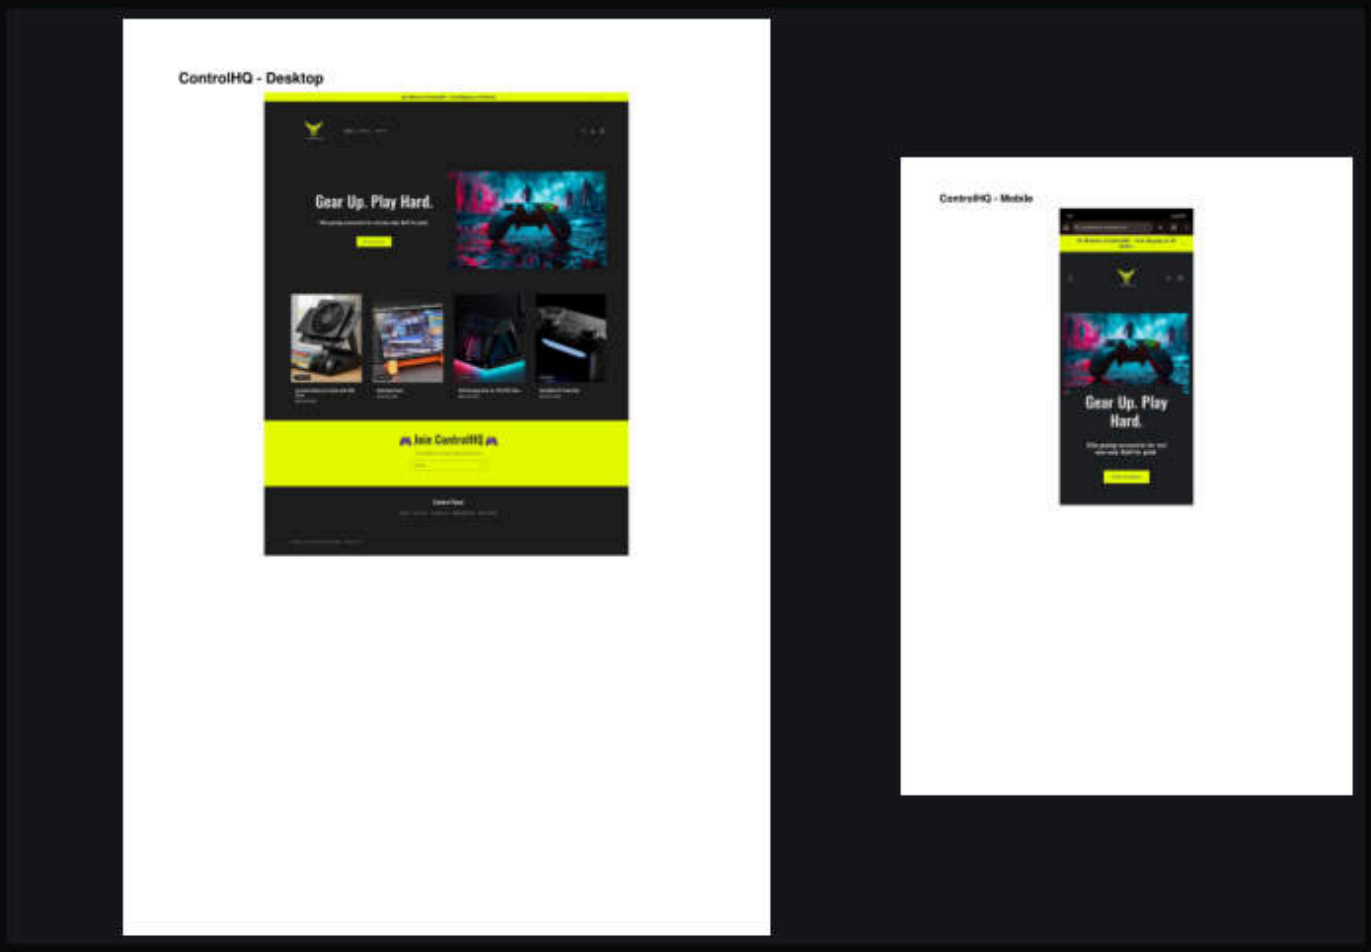

BUSINESS WEBSITE / RESPONSIVE DESIGN

Created a business-focused website presenting engineering services, projects and ways for customers to request a quote. Designed for both desktop and mobile screens.

Live URL not included pending confirmation.

03 CONTROLHQ

Shopify storefront work

SHOPIFY / E-COMMERCE / MOBILE UX

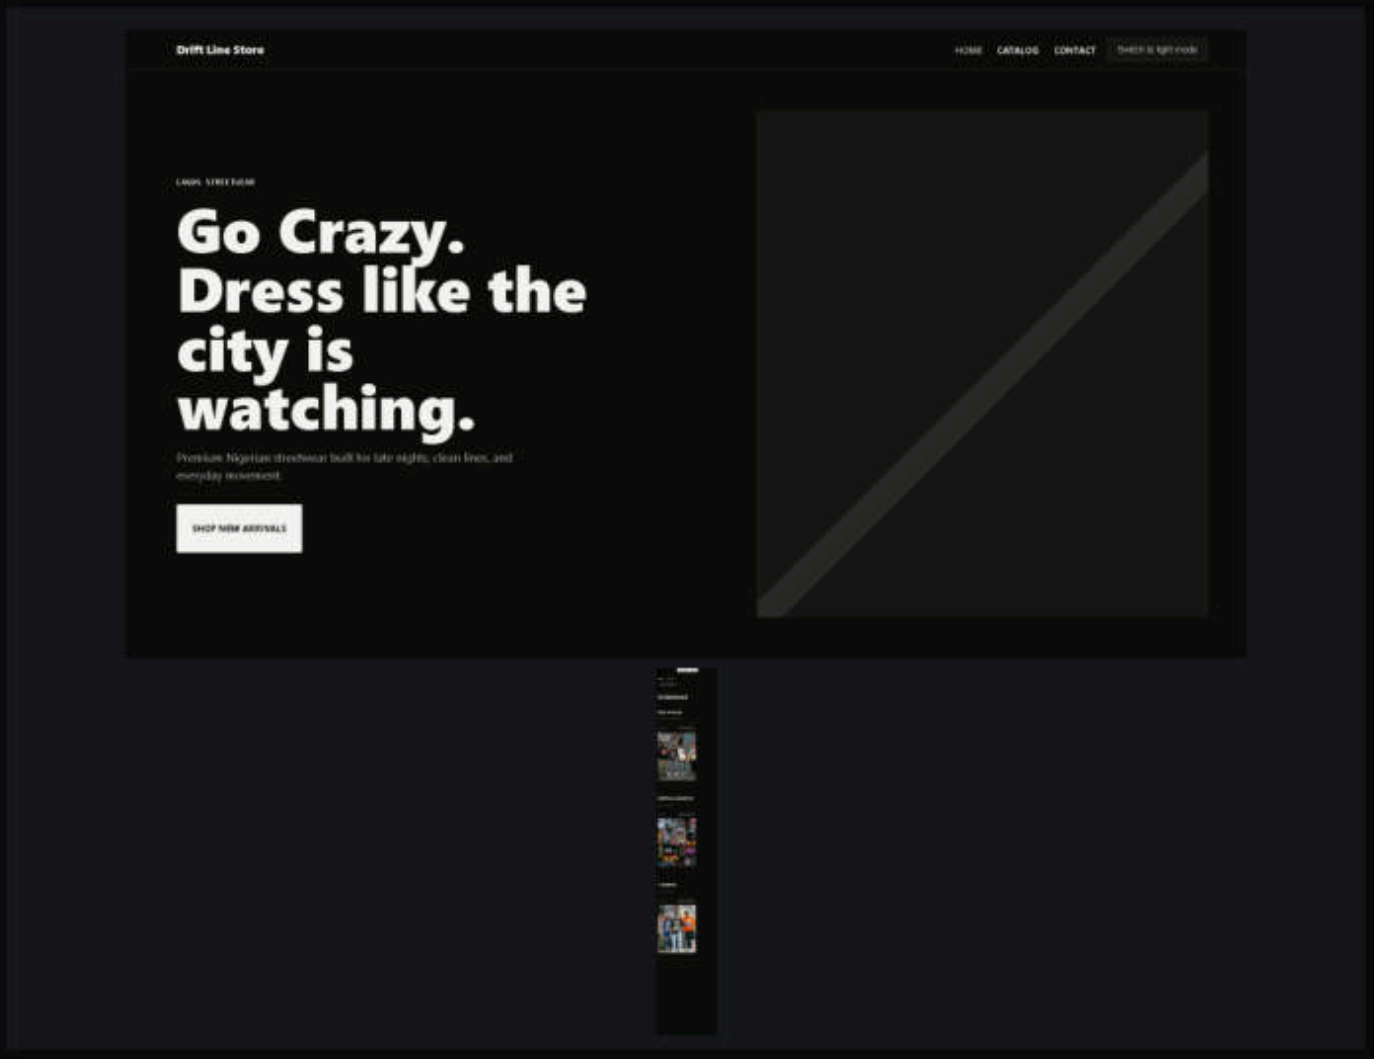

Storefront layout and product presentation for gaming accessories.

Desktop and mobile views demonstrate responsive commerce design.

Project shown as Shopify work, not a claim of sales results.

04 DRIFT LINE

Custom Shopify Online Store 2.0 theme | In development

LIQUID / HTML / CSS / JAVASCRIPT / JSON

Streetwear theme exploration with collection layouts, mobile-first adjustments, navigation and visual hierarchy. Work in progress; not presented as a launched client store.

05 PERSONAL PORTFOLIO

Responsive developer portfolio

A central place to present projects, skills and contact details.
Designed to help recruiters inspect live work and source code.
